

Zakaria Akrab

COMPUTER ENGINEERING STUDENT

ABOUT ME

I am Zakaria, 19-year-old from Agadir, Morocco. I'm a flexible and quick-learner engineering student, I have a huge passion for becoming an entrepreneur and I'm determined to achieve my goals. In my free time, I enjoy working out, reading, exploring and learning more about life.

LEARNING

Mastering programming languages such as Python, JavaScript, PHP, and C. Branding and advertising businesses on a bigger scale.

Learning database management systems, statistical methods, and data visualization tools.
